Exmoor ponies are an animal to cherish and unfortunately their numbers have reduced dramatically, at one point going down to only 50 and it is thanks to the dedication of the hill farmers that numbers steadily grew. The worldwide population is now around 1,400 - making the Exmoor pony rarer than the Giant Panda! The Moorland Mousie Trust is helping by taking surplus foals at weaning, getting the handling work done and then placing them in either permanent or foster homes, or sending them to environmental grazing schemes until they are old enough to be backed and brought on as ridden ponies.

The Moorland Mousie Trust and the Exmoor Pony Centre working together to promote and conserve the Exmoor Pony.

## Learn about the ponies

Visitors will be able learn about the ponies history, see our work with them and go trekking on Exmoor, mounted on 'Moorland Mousie' ponies. What could be a more perfect way to see Exmoor's natural beauty, including its free-living ponies than from the back of one of its natives!

We look forward to welcoming both riders and non-riders who wish to learn more about our most ancient breed.

## Spectacular Exmoor

Exmoor offers an unrivalled riding experience with spectacular wooded river valleys, rolling hills, sweeping moorland and miles of unspoilt countryside.

From the M5 exit at junction 27 join the A361 to Tiverton. Turn north onto the A396 then take the B3222 to Dulverton.

In Dulverton take the B3223 to Lynton and Exford. Follow this road for approximately 4 miles, climbing up onto Exmoor. Once on the moor, turn left at the signpost to Ashwick House Hotel, immediately after crossing the second cattle grid. Take the first right off the lane and The Exmoor Pony Centre is on your right opposite the hotel entrance.
